**FULL STACK SOFTWARE
ENGINEERING CERTIFICATE**
Sept 2017
Coding Dojo - Dallas, TX

ABOUT ME

I am a dedicated full-stack software developer and educator passionate about innovation. My career focuses on building software that empowers people and fosters a skilled community. I excel in rapidly learning new technologies and thrive in fast-paced environments. I also run a Web/Software Development studio (mdjstudios.com) providing solutions for small businesses.

WORK EXPERIENCE

OWNER | SENIOR APPLICATION DEVELOPER
MDJ Studios (2014-Present)

- Successfully cultivated a digital agency specializing in web development services, including designing and creating e-commerce websites/web applications for small businesses, associations, and non-profit organizations.
- Successfully cultivated a small local community that mentors aspiring software developers through free workshops at local tech events.
- Services include building, updating, and maintaining websites, web applications, desktop applications, and SaaS platforms.

SENIOR LEAD SOFTWARE ENGINEERING INSTRUCTOR
General Assembly (2017-Present)

- Mentored and instructed hundreds of students to become Junior Software Engineers with over 400 hours of immersive training content. Awarded "Distinguished Faculty Member" for exemplary performance.
- Conducted code reviews, provided constructive feedback, and facilitated one-on-one coaching sessions with personal improvement plans.
- Served on the Product Advisory Board, updating the curriculum to meet industry demand and producing pre-recorded lectures for blended learning.

PRIVATE CLIENT BANKER
JPMorgan Chase (2007 -2017)

WHEELED VEHICLE MECHANIC - SERGEANT, U.S. ARMY
Fort Benning, GA, Fort Hood, TX, Waco, TX
(2004 -2010)
